

'Follow' Newent

Verse 1: I wonder if you follow
I wonder if you'll follow me to wonderland
We can chew and swallow
All the problems that we have at hand
I know it's been tough, but you can't give up
Just keep on walking, keep running, keep on go - ing

Bridge: *I walked away, out the door, don't run away anymore
Walked so far, couldn't cope with it all*

Chorus: If you follow me, I will follow you, into everything we see as true
Come the bitter end, come the fixer mend, all the broken pieces

Verse 2: When you get stronger, will you follow in my future sleepless nights
Will we live for longer, can we raise a torch to the flickering light?
I wonder if you still believe, I wonder if you still believe in me
Just keep on looking, keep on searching, shine a light into corner of your sight

Bridge: *I walked away, out the door, don't run away anymore
Walked so far, couldn't cope with it all*

Chorus: *If you follow me, I will follow you, into everything we see as true
Come the bitter end, come the fixer mend, all the broken pieces
If you know in your deepest darkest heart, where the light begins let the curtains part
and Carry on*

Middle: *All the time, I've been tryna get away from the darkness
All the time, I've been tryna get away from the darkness*

RAP: Don't stop, won't stop I promise
Keep going to the end I promise
Don't stop, won't stop I promise
Keep going to the end I promise
I won't leave, I wont go,
Keep going to the end I promise
Don't stop, won't stop I'll never quit
Or else you can be the one that's leaving in a bit

Chorus: *If you follow me, I will follow you, into everything we see as true
Come the bitter end, come the fixer mend, all the broken pieces
If you know in your deepest darkest heart, where the light begins let the curtains part
And Carry on*

Counterpoint ending:

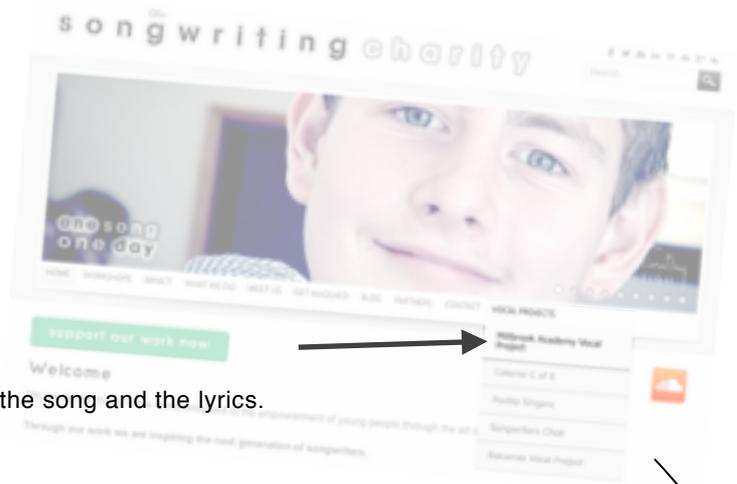

If you follow me, I will follow you,
We _____ will stick together, will stick together,
Come the bitter end, come the fixer mend
We _____ won't leave each other, won't leave each other
If you know in your deepest darkest heart,
We _____ we will stick together, will stick together,
Carry on, Carry on, Carry on, Carry on,
We _____ won't leave each other, won't leave each other
