

## Gotherington - Ocean of Friends

### REFRAIN:

Dreams Go on and on they're never gonna stop  
Dreams Go on and on they're never gonna stop  
This precious place means everything but it's not all that I got  
Dreams Go on and on they're never gonna stop

### Verse:

Our precious school  
gives a lot of opportunity  
Starts memories  
in the colour of the deep blue sea

### Verse:

Nothing can stop this strength of together  
Nothing can stop this never apart  
Nothing can stop this something forever  
All good friendships they come from the heart

### Chorus:

An ocean of friends and a sense of family  
friends who get on happily  
friends making many memories  
Ocean of friends in the colour of the sea

### Verse:

Started in school, I'm looking to you  
And soon I fit in with the others too  
I walk into class don't know what to do  
I sit on my desk and make friends with you

### Chorus:

And an ocean and a sense of family  
friends who get on happily  
friends making many memories  
Ocean of friends in the colour of the sea

### Chorus:

Dreams Go on and on they're never gonna stop  
Dreams Go on and on they're never gonna stop  
This precious place means everything but it's not all that I got  
Dreams Go on and on they're never gonna stop

### Middle:

There's a smile as they go by  
Working it out, working it right  
There is a smile, a smile in your eyes  
When you wear the colour, the colour of the skies!  
There is a smile, a smile in your eyes  
When you wear the colour, the colour of the skies!

### Chorus:

With An ocean of friends and a sense of family  
friends who get on happily  
friends making many memories  
Ocean of friends in the colour of the sea
